Long-term effects of internet cognitive
behavioural theory for depression in primary care
– the Prim-net randomized controlled trial.

Working in dissonance: experiences of work
instability in workers with common mental
disorders

Use of a self-rating scale to monitor depression
severity in recurrent GP consultations in primary
care - does it really make a difference? A
randomised controlled study.

Carl Wikberg, Eva-Lisa Petersson, Maria Larsson,
Cecilia Björkelund

Long-term effects of Internet-delivered cognitive
behavioral therapy for depression in primary care -
the PRIM-NET controlled trial.

Maria Eriksson, Marie Kivi, Dominique Hange, Eva-
Lisa Petersson, Cecilia Björkelund

Patients' experiences of a computerised self-help
program for treating depression - a qualitative
study of Internet mediated cognitive behavioural
therapy in primary care.

Anna Holst, Shabnam Nejati, Cecilia Björkelund,
Maria Eriksson, Dominique Hange, Marie Kivi, Carl
Wikberg, Eva-Lisa Petersson

Status inconsistency and return to work among
foreign-born and native Swedes.
